Discipleship Training

We have truly enjoyed discipling and pouring into this current group of students. It has been a privilege to see them grow in the Lord and begin to be moving in their ministry gifts and callings.

They all have their own stories and trials that in the natural they wouldn't have had much hope of a bright future. But by committing and putting Jesus and the Word of God first in their lives we are seeing God open doors for them and enable them to go beyond their natural talents and circumstances.

We are raising this group up to be an outreach team in the coming years to work together with ATM. This term they will be going out together with our leaders to minister in unreached and remote villages brings the Gospel and everything they have learnt and experienced to now pour out and bless others.

Haven Projects

We have been blessed with many volunteers and job/income opportunities and training for the women we rescue and support at Haven of Grace.

We were very blessed to have Glen and Srey Oun come from Cambodia to teach the women a new handicraft skill using recycled ring pull tops to make bags, earrings and other items. It was a blessed time sharing testimonies and stories and an opportunity for Srey Oun to share her story and encourage the women where they are at.

It was also a blessing to have Joy Constantine from Brisbane assist for a month teaching the women on various topics including health, exercise and nutrition, personal care and self-discipline and just being a general support for the month she was here.

Over the last few months we have had training in baking and cooking, Haven Bakery which is currently still a home based business providing much needed training and skills for the women who are ready to start work. The mums are currently selling their baked goods on a small scale at regular street markets in our local community. This though still small scale for now is providing an income to cover their food and living costs each week.

These last two months we were able to give shelter and support to two more women, one coming directly from a very tragic situation where her income was through prostitution. She is now safe at haven with her 4 months old baby girl and able to start fresh.

Tribal Pastor Support

This last quarter we were able to bless Nu, one of our old students from ATM and their family with 500 coffee plants to start a coffee plantation that we hope will bless their family and ministry.

We continue to regularly visit our old students who are pastors and have churches, encouraging and bringing some guest speakers and any resources to assist them.

We believe that these old students are the ones who are and will reach their own people for Christ in greater ways than any foreigners or missionaries that come. This is our goal to support and continue to uplift them. Please be praying for them.

Guess and Volunteers

A big thank you to all the volunteers that have given their time and resources to come and support the work at ATM and Haven of Grace.

We were blessed to host Peter and Joy Constantine from Brisbane who were with us for a month. They were able to share and encourage our team, students and mums we support. Bringing some much needed teaching and coaching for all of us and also blessing some of our Tribal Pastors, preaching and sharing in their churches.

Thank you to Glenys McDonald who brought one of her ladies from Cambodia to come share their skill with our women here and also for all you do Glen to help sell the products for the women.

Thank you to Silas and the YWAM team from Marine Reach - New Zealand, for very timely coming to assist us run our Fire Camp this year. It was so fun having you guys around and a blessing to have you minister with us.

So grateful also for Ps Sabrina, Ps Rachel and team from Malaysia coming to speak and minister at our Fire Camp. We have been so blessed and inspired by all of you. And also Ps Ben who came and ministered to the Youth Leaders, challenging and ministering to the guardians of all the youth who attended the camp.

ATM is always in need of volunteers who feel led and called to partner with us for a season. If you are interested please let us know and contact us (Ps Karena – atmdoisaket@gmail.com) and we will set up an interview with you.

Fire Camp 2018

We were blown away by the miraculous provision and fulfillment of the word and vision for this year's Fire Camp.

The theme was "Destiny" (Ephesians 1:11) – we saw kids in each session receive salvation and give their lives to Christ. We as a team believed the word and vision of this year's camp would be for the kids to catch hold of a burden and passion for their nation – that there would be a commissioning. We saw this happen in the very last session where around 30 kids out of over 300 stood up boldly with their arms raised high shouting that they are disciples of Jesus Christ and they are committed to walk with him and share about him. This then brought on a wave of intercessory prayer where many of the youth were filled with the Spirit and began to pray on behalf of their generation and their nation. It was such a powerful and moving time and the youth were praying in their own mother languages for their people.

We believe there is a revival arising in Thailand and it will start from the prayers and intercession of these youth.

Even two weeks after we are still receiving testimonies from the leaders of the churches and children's homes that came... Here are some below:

"So many of our parents keep telling the change they are seeing in their teenagers who went to camp! Their worship has gone to another level and they are hungry for the Word!" - Larissa from Life Impact

"The fire is still here! When we worship and prayer and have our devotions there is a genuine cry and passion for more of God amongst our girls!" - Peace from Sending Hope Girls Home

"Now I don't have to wait for my kids to come to prayer time. Usually they would be late and I would have to call them many times before they would come, but now they are all there waiting for me! They laid hands and prayed for me too as their leader. - Pastor Angela from Mae Ook Hoo Church

"I have been to many camps but this is the first time I have truly felt the tangible presence of God. I have been searching and looking for this and this time I really felt touched by the love of God."

- Kru Bell from ATM

Current Prayer and Financial Needs

We continue to be amazed at God's provision and timely donations sent just when we need them. We sincerely want to thank you all for listening to the prompts of the Holy Spirit to give often when we have not dared to ask. And for those who so generously have given when we have requested help throughout the year. We do not take any of this for granted and are forever grateful. We are thankful that we can partner together for the work of the Kingdom here in Thailand.

Over the next two months our main financial needs will be to cover the costs of outreaches and aid support for remote villages we will be visiting. This will include purchasing of Bibles, Blankets, Mosquito Nets, basic sanitary items for some poorer areas, canned food and baby needs. We have second clothes given throughout the year that we will also be taking along to give out.

We also need committed prayer support. We want to share the Gospel both in word and deed. We are believing for Words in season from the Lord, miracles, signs and wonders that will touch and bless many. Please be praying for us.
