ATM OUTREACHES RESUMED...

After 3 months of lock down unable to travel and connect with the local Pastors and Leaders we support we were so thankful that finally we were able to visit and reconnect with 3 villages.

We were able to visit Pastor Lah and the church there was greatly encouraged as our team ministered. They were able to also visit other houses in the village and witness to those families who are not believers.

Our second outreach we were blessed to minister to a Karen village living in one of the highest mountain ranges near us. We had to walk there due to rain and risk of our vehicle getting stuck! We ran a seminar with the main message being on "Freedom in Christ" and many were touched and healed from unforgiveness, depression.

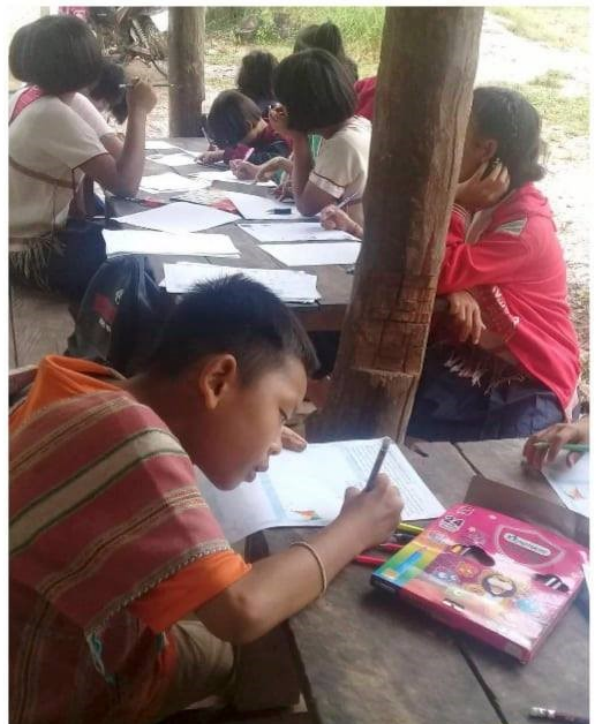

This week we have financially supported Jo, one of our team members and one of our old students from 30 years ago Pastor Supan to go and minister for a week in some remote Karen villages in Mae La Noi area.

Mae La Noi is one of the places we outreach often and specifically support the evangelism and ministries of our former students.

One of our students Weerachai has started a school in a new village where he has led a couple of families to the Lord. He now has 70 students. Last year ATM helped run a Christmas outreach there and supported the building of his school house.

We are thrilled help provide school supplies for his students and support the work Weerachai is doing to reach these unreached villages with the Gospel.

ATM BASE ACTIVITIES

Raining season is always a joy to work in! But we have managed to finish off some of the major work started this year. Including the back deck on the missions house and pavement in front of the big building.

We also ran our first Fire Safety Drill with everyone on base. The local counsel provided great training and demonstrations which everyone benefited from. Everyone seemed to enjoy seeing things lit up!

DISCIPLESHIP TRAINING SCHOOL

We have not been idle during this CoVid period, we have been strategising to re-open the ATM Discipleship Training School as soon as possible. Karena and Dakota have been faithfully keeping in touch with our former students and graduates even during CoVid, many of whom have asked us, now that Rebecca is back, to come visit them once rainy season is over, and we are both keen to do so. Several are asking when the school will re-open as they have young people who are eager to attend. We will also be registering the ATMDTS as an official school, so re-opening of the school will be fuller in program and detail. We will continue fully incorporate the OBC Curriculum as before but with even more workshops and practicals.

More detail on this at a later date.

REBECCA IS BACK!

Rebecca was able to arrive back in Thailand, just before CoVid hit hard and sent the world into lockdown, for that we are counting our blessings, as we are together again, long last. CoVid has allowed Rebecca to be here for 6 months without visa issues and to re-settle into life here in Thailand once again, but to date we are in the middle of running for her long-term visa case. Please also keep this in your prayers.

FIRE CAMP 2020

ATM's annual youth FIRE CAMP is fast approaching on November 27-29th 2020.

We are in the throes of preparation. We are hosting the camp here on our ATM mission base in Doi Saket. There will be o in the dorms, others who are nearby will be accommodated in their own places and coming during the day.

We have had to make adjustments to the usual program to fit with CoVid restrictions, however, God is not restricted.

Please pray together with us, that each young person will be impacted by a close encounter with God. Please pray for everyone involved, each team member, each speaker, and the worship team.
