A project run by SOZOLIFE THAILAND

Haven of Grace Mothers and Babies Shelter is a project that provides a safe haven for abandoned and single mothers who are expecting a baby or have small children. Our mission is to provide support for these women so that mother and child can stay together, preventing abandonment of children and the exploitation of these single mothers.

Haven of Grace aims to support and provide shelter and training for 10 women every year. It is a year long program that has 4 stages of recovery. These stages include:

1. Caring for self and baby - Healing
2. Child Development and Parenting - New Skills
3. Managing work, family and finances - Planning
4. Preparing to leave Haven of Grace - Transition

“A NEW START”

“Haven of Grace found me in a very dark place. I had no hope and thought the only way for me and the best thing for my 8 month old son was to leave this earth.

What God has given me through Haven of Grace is not only salvation but a new start. I have since been healed of anxiety and depression and now have hope and purpose.”

(Bindy - named changed for privacy - one of the mothers rescued in 2015)
